RTTWS Chapter 15 Problem 2

Describe how the shape of an individual's indifference curve affects the magnitude of a tax's excess burden. What does this tell you about how the degree of substitutability between the taxed item and the other item matters for the efficiency of taxation?

RTTWS Chapter 14 Problem 5

Which of the following is likely to impose a large excess burden?

a) A tax on land

RTTWS Chapter 14 Problem 5

Which of the following is likely to impose a large excess burden?

a) A subsidy on personal computers

RTTWS Chapter 14 Problem 5

Which of the following is likely to impose a large excess burden?

a) A tax of \$75 on smartphones

RTTWS Chapter 14 Problem 5

Which of the following is likely to impose a large excess burden?

a) A subsidy on investment in high tech companies?

RTTWS Chapter 14 Problem 5

Which of the following is likely to impose a large excess burden?

a) A 5% tax on bottled water

RTTWS Chapter 14 Problem 5

Which of the following is likely to impose a large excess burden?

a) A 10% tax on all computer software
